

MATT BAGLEY

VISUAL ARTS

Bringing Printmaking to the Community, Matt Bagley provides two different workshops:

Kids (All Ages) Printmaking Workshop:

In this fun and engaging art activity, participants will print pre-inked blocks, which may include historic letterpress blocks and blocks hand-cut by local artists that celebrate Dallas' diverse cultural heritage and regional wildlife. Participants will get to keep their prints and gain a basic knowledge of printmaking.

Adult Workshops

In this workshop, adults will learn the basics of creating their linoleum print block, which includes image creation, transfer methods, and basic cutting techniques. They will have the opportunity to print their fine art edition and keep the block they cut. This workshop is open to adults of all skill levels. Due to the supplies needed and materials covered, it is limited to 12 people.

Participants aged 5 and older
