

# MELVIN BULOCK

## PHOTOGRAPHY WORKSHOPS

Melvin offers three photography workshops. The first, *“Introduction to Photography”*. During this workshop, participants will learn the basics of photography and complete photography projects using the basics of planning, framing, editing and more. The second, “Get Social” in which participants will learn how to create video content for social media using cameras and phones. During the third workshop, “The Magic of Editing”, participants will learn how to edit, remove backgrounds, resize images, and retouch photos using photoshop.

## SENIOR PROGRAMMING

Melvin offers two photography workshops specifically designed for senior participants. The first, *“Introduction to Photography”*. During this workshop, participants will learn the basics of photography and complete photography projects using the basics of planning, framing, editing and more. The second workshop: “Get Social”, during which, participants will learn how to create video content for social media using cameras and phones.

## CULTURAL PROGRAMMING

"Podcasting 101: Launch Your Voice," gives aspiring podcasters the essentials to start their own show. It begins with a quick intro and icebreaker, then covers podcast types, choosing a niche, structuring episodes, and naming your show. Next, it dives into gear basics, recording tips, and editing tools. Participants learn how to publish episodes on

**platforms like Apple and Spotify and get simple marketing strategies to grow an audience. The session ends with a Q&A and access to helpful templates and resources.**

**Participants aged 6 and older**
